Roddy's father served in Bomber Command during the Second World War, but like so many brave veterans who had survived the war, he spoke little of his exploits. So, when Roddy started on his personal journey to discover something of what his father had achieved, he uncovered a great deal about the devastating effectiveness of Bomber Command and the vital role it played in the defeat of Third Reich. He realized that the true story of Bomber Command's achievements has never been told nor fully acknowledged.
